

DREAM CAMPAIGN

Proposal

ABOUT

DREAM Alive (DA) is helping vulnerable youth break the cycle of poverty by providing mentoring and career development programs for 6 continual years. Since 2011, youth completing DA have a 100% high school graduation rate, compared to the 67% city average. DA currently mentors 1,169 students at 4 locations yearly, and we are aiming to double our impact and services through our “DREAM Campaign,” a 3-year, \$9m initiative to expand DREAM Alive’s reach so that every youth living in the IPS district can have access to DA, allowing DA to serve 2,600+ youth per year.

Would you would consider helping us launch our DREAM Campaign by giving a meaningful donation?
